This resolution is made in reliance upon information, representations, and documents provided by the owner of the Excluded Parcel. If, at some later date, the District determines that the information, representations, and documents contained false or misleading information material to the District's decision to designate the Tax Parcel as an Excluded Parcel, the District reserves the right, in its discretion, to revoke such designation, and to pursue all remedies at law and equity for injuries to the District caused by exclusion of the Tax Parcel.

If the District in its sole discretion later provides Wastewater Service to an Excluded Parcel, the then-current owner(s) shall be required to pay to the District all direct and indirect costs and expenses, including, but not limited to, an amount fairly representing the special benefit that the Tax Parcel will receive, as determined by the District.. The undersigned understand and acknowledge that the amount charged at the time of later connection is expected to be significantly greater than the 2006 non-ad valorem assessment.
